

WHAT YOU CAN DO WHEN YOU'RE FULLY VACCINATED

If you've been around someone who has COVID-19, you **do not need to** stay away from others or get tested unless you have symptoms.

If you have any COVID-19 symptoms, **get tested and stay home** and away from others.

Always follow the COVID-19 guidelines at **your workplace**.

- People are **fully vaccinated**:
- 2 weeks after their **second dose** in a 2-dose series, such as the Pfizer or Moderna vaccines, **or**
 - 2 weeks after a **single-dose** vaccine, such as Johnson & Johnson's Janssen vaccine
